## DEMOCRATIC PLATFORM.

(Adopted by the Roswell City Convention, Mar. 17, 1906.)  
Be it resolved by this convention that the Democratic party of Roswell acknowledges its responsibility and is proud of the record made during the past two years; and further that we declare ourselves in favor of a continuation of the present progressive policy in the conduct of municipal affairs; that we favor the present high license on saloons, the suppression of gambling, the tiling of the irrigation ditches, extension of sidewalks, grading of streets, and all efforts tending to make a cleaner and better city of Roswell.

Second, That we are in favor of municipal ownership of all public utilities, whenever it is the wish of a majority of the people of the city so to own the same, and therefore, we are in favor of all future franchises containing a provision whereby the city within a reasonable time may acquire such franchises upon fair and just terms to the owners thereof.

It is now reported that H. F. Smith will become an independent candidate

for mayor.

Only by education of her native population can New Mexico prepare herself for separate statehood.

The war at Santa Fe has begun—and the governor has captured the chief stronghold of the enemy.

The Record is informed that it has been fully determined to run W. N. Baldwin as an independent candidate for alderman in the Fourth ward.

The Santa Fe New Mexican complains that the Democratic papers of the Pecos Valley are trying to stir up discord in the Republican organization of the Territory. Oh, no. Merely encouraging the new Republican governor in his task of cleaning the rascals out of his own party.

It is now evident that the gamblers were as badly deceived as were some of the preachers in the Democratic ward primaries. The gamblers were promised things that could not be delivered and the ministers were not badly treated when it came to the final test in the city convention.

Attorney General Prichard's resignation which will take effect June 1st, opens the way for a general house cleaning, and there is no longer any doubt that Governor Hagerman means business. With the removal of Prichard who was expected to keep the old gang in office by refusing to prosecute any of the members, a general stampede may be expected. Mr. Bursum, who less than two weeks ago boldly announced at Albuquerque his intention to retain his position at the head of the penitentiary, tendered his resignation immediately when he learned that Prichard had given up the fight. The Record understands that the Governor had plenty of evidence available for the impeachment of Prichard, but magnanimously allowed him to resign without disgrace.

"This paper in all likelihood would have supported joint statehood for this Territory had the Hamilton bill finally passed without the Foraker amendment. As it is, it is well satisfied to commence to fight for separate statehood over again and lead on to victory."—New Mexican.

All right, Colonel. The first thing you should do in the interest of separate statehood is to take up and push the proposition to have all public business of the Territory conducted in the English language. While many members of congress are foreign born or of foreign descent the whole body is prejudiced against New Mexico on the ground that our citizens are not prepared for statehood, because they do not use the English language.

## Revival at Christian Church.

There was a large audience and splendid interest at the Christian church last night. At the close of the services a splendid young man took his stand on the Lord's side.

Elder Hill read a telegram from Elder J. J. Lockhart, of Tyler, Tex., an evangelist of power, stating that he would leave for Roswell next Monday to assist in the meeting.

The pastor will preach tonight on the question, "Who is on the Lord's Side?"

Friday night, "Imperfect and Perfect Character."

Saturday night, "Repentance."

Sunday morning, "Workers With God."

Sunday night, "A Change of Heart."

Come and bring a friend with you.

## To Develop Property.

J. A. Norman, superintendent of the Nogal Peak Gold Mining and Milling Company, left this morning for the mine of that company, having a complete outfit for work. By the time the spring season is open well he will have a force of eight men at work, and the property will be developed.

James B. McConnell, of Hagerman, came in last night from Reynolds, Ill., and stopped here for a few days' stay before going on to his home.

Mr. and Mrs. J. M. Hervey left this morning for points east, to be gone several days.
